Willow Ufgood, a small dwarf but a giant among courageous men, and Madmartigan, a fearless warrior and one-man army, have been given the impossible task of keeping the baby from harm and placing her on her rightful spot on the throne. But to do this they must battle the forces of evil which block their path. Will Madmartigan have the strength to defeat the queen's armies and their all-powerful General Kael? Can Willow gain enough magical power to cast Queen Bavmorda back to the darkness of the underworld? Will the prophecy be fulfilled?
